CECW-PE

Honorable Charles S. Robb
United States Senate
Washington, D. C. 20510

Dear Senator Robb:

Thank you for your July 13, 1989, letter to Colonel Dunn regarding the dredging of Bennett's Creek. The problem of shoaling at the mouth of Bennett's Creek is being studied under our continuing authorities program. The draft Detailed Project Study and Environmental Assessment-Navigation Study of Bennett's Creek has been prepared by the Norfolk District and has been submitted to the North Atlantic Division Office for review as part of our regular procedures. We will continue to work with Mayor Mizelle and City Manager Rowe on this project.

Thank you for your interest in the Bennett's Creek Dredging project.

Sincerely,

David A. Buehler
